FISCAL NOTE ANALYSIS

STATE OF ALASKA
2016 LEGISLATIVE SESSION

Analysis

Section 36 of SB74 adds a new section, AS 47.05.270, entitled "Medical assistance reform program." New subsection AS 47.05.270(b) instructs the Department of Health and Social Services (DHSS), in coordination with the Alaska Mental Health Trust Authority, to "manage a comprehensive and integrated behavioral health program," including a plan for providing a continuum of community-based services from a wide array of providers and disciplines that addresses housing, employment, and criminal justice, and reduces barriers that fragment services and reduce effectiveness and efficiency. It is expected that Alaskans served by the criminal justice system will benefit from the reformed system of behavioral health care, and savings will be realized in the Department of Corrections, Public Safety and the Court system as well as within the Office of Children's Services.

Section 38 adds new subsections AS 47.07.036(d)(4) and (5) that authorize the Department to develop demonstration projects for innovative service delivery and payment models, and provide incentives for telehealth. New subsection AS 47.07.036(e) requires the Department to seek 1115 demonstration waivers from the Centers for Medicare and Medicaid Services (CMS), and subsection (f) requires that one of these 1115 waivers focus on behavioral health system improvements for Medicaid recipients. These system improvements must be consistent with the improvements expected under Section 36 of the bill (47.05.270(b)) that are intended to improve access to quality care while managing costs.

OPERATING BUDGET SAVINGS: In FY2019 and again in FY2020, the Division of Behavioral Health will reduce its personal services line by one Mental Health Clinician III (\$119.8) and one Health Program Manager II (\$106.9), for a total of four positions between SFY2019 and SFY2020.
